

# Thriplow Church of England Primary School

## What's Happening in the Wild Space this week

### Ants Class

This week we used the new trowels. We started to learn the 'Tools Talk' for the trowels so that we can use them safely. Each trowel has a bright yellow rope tied to it so that it doesn't get lost.

We cooked popcorn on the campfire - it was delicious.

#### PLAYING AND EXPLORING

Finding out and exploring  
Playing with what they know  
Being willing to 'have a go'

I'm digging deep into the earth to find bones and treasure.

#### Playing and Exploring

Finding out and exploring  
Playing with what they know  
Being willing to 'have a go'

#### Creating and thinking critically

Having their own ideas  
Making links  
Choosing ways to do things

Everyone pull together - we can lift the heavy water carrier off the ground'

#### Active learning

Being involved and concentrating  
Keeping on trying  
Enjoying achieving what they set out to do

If you dig deep enough then you might go right through the planet Earth - but before you get there you would have to get through the centre of the Earth and that would be like a volcano.

#### Active learning

Being involved and concentrating  
Keeping on trying  
Enjoying achieving what they set out to do

Helping each other to move heavy pallets. 'Come on! Will somebody help me?'

Using the hay bales to practise jumping and climbing. Taking turns and being patient. Creating a jumping and balancing circuit. Testing to check it is safe. Changing the circuit to make it 'better'.

#### Creating and thinking critically

Having their own ideas  
Making links  
Choosing ways to do things
